

It shall be the policy of the Mingo County Board of Education that kindergarten through sixth grade students who ride school buses will annually receive integrated bus/school safety instruction. The curriculum will consist of safety regulations, fire drills, emergency evacuation procedures and other relevant topics related to bus/school safety.

A copy of the integrated bus/school safety curriculum and a schedule of actual instruction shall be maintained at each school. Instruction will be a cooperative effort among principals, classroom teachers, and school bus operators. Instructors shall make use of various methods such as filmstrips, literature, and lectures when teaching integrated bus/school safety to students in kindergarten through sixth grade.
