ACCESSIBILITY FOR HANDICAPPED PERSONS

It shall be the policy of the Mingo County Board of Education to strive to eliminate any barriers to handicapped students in relation to its buildings, grounds, furnishings and equipment to the extent necessary to make accessible all educational programs and facilities. Accessibility for handicapped persons will be planned in renovation and construction projects to insure the elimination of any barriers which would prevent the handicapped person from facility accessibility or educational programs of the Mingo County Board of Education.

This shall be accomplished in conjunction with and through consultation with the Superintendent of Schools, the maintenance director, project architects and the 504 coordinator for Mingo County. (Section 504, Rehabilitation Act of 1973; 18-10F-3)
