RENOVATIONS AND CONSTRUCTION

It shall be the policy of the Mingo County Board of Education that prior to embarking on renovations, additions or new construction of facilities that the following shall occur:

1. The superintendent and Board of Education will decide on those projects which they feel are in the best interests of the school system.
2. The Mingo County Comprehensive Educational Facilities Plan has been properly amended with the State Department of Education before any renovation, addition, or new construction is started.
3. Renovations, additions, and new construction are completed in accordance with the Handbook on Planning School Facilities.
